# XXVIII<sup>th</sup> International Biometric Conference

VICTORIA CONVENTION CENTRE, JULY 10 – 15, 2016

## Welcome Letter

The 28th International Biometric Conference (IBC) will be held in Victoria during July 10-15, 2016 at the Victoria Conference Centre, adjacent to the famous Empress Hotel. The temperate climate and relaxed island lifestyle will make for a memorable 28th IBC.

The IBC is dedicated to recent developments and application of Biometry and Statistics in many different fields of life and environmental sciences. It is held every two years in one of the 34 regions of the International Biometric Society (IBS, [www.biometricsociety.org](http://www.biometricsociety.org)). The XXXVIIIth IBC will be held in the Western North American Region (WNAR) in conjunction with the 2016 annual WNAR conference. The meeting program includes oral and poster presentations of methodological advances, applications to specific subject-matter challenges, and educational offerings.

The IBS has over 6,000 international members and the meeting brings together statisticians and others who are interested in the development and application of statistical and mathematical theory and methods to the biosciences. The Local Organizing Committee is excited to host IBC 2016 in beautiful British Columbia. We expect to attract over 800 participants from across the globe. We are confident that IBC 2016 will continue the success of IBS meetings.

Columbia. We  
across the globe.  
success of IBS

Sincerely,

Dr. Laura Cowen  
Co-Chair, Local Organizing Committee

Dr. Youyi Fong
